

The following is the complete list of entrants for this year's apart, apart from Numbers 1-50 which will be added nearer the race date of March 21st. The total of 3,340 is similar to last year. We apologise for the delay in finalising the list but, as no doubt people will appreciate, it takes a while to process and check such an amount of names. Every care has been taken to assure they are as accurate as possible and we would appreciate if any errors (spellings, categories, etc) could be conveyed to us so that we can correct them for the race programme and results.

Unfortunately, we had to return between 700-800 entries again this year and we understand that many people are disappointed as a result. Some have contacted us looking for a 'special exemption' but there is nothing we can do – it is now a fact of the race that not everyone can get in. While most people understand this, nobody wants it to happen to them! All we can say is that we are fair to everyone and adhere strictly to what is set out on the entry form.

We do not operate a waiting list and there is no point in contacting us regarding same. We allow for a certain percentage of 'no-shows' and once again expect our actual numbers taking part on the day to be in the region of 2,200 to 2,400 which is just about what cater for.

And once again we emphasise that under no circumstance can race numbers be transferred. This is for safety and administrative reasons and we wish to advise both parties who engage in this form of cheating that they will be appropriately dealt with.
